* **USDT-M Delivery / BTC-M Perp:** Any MMs who intend to trade in this market will need to apply manually through Key Account Managers for maker fee rate in this market (it is not automatically granted)

Option1: MM by Maker Volume%

Entry Requirement

Users with a **30-days Spot & Margin trading volume $\geq$ 20m USD, or a 30-days Futures & Perps trading volume $\geq$ 50m USD**

Review Time

by the end of each month

Volume%

1. Maker Volume% (Spot & Margin) = 30D Your Spot, Margin & ETF maker volume / 30D total Gate Spot, Margin & ETF maker volume
2. Maker Volume % (Futures & Perps) = 30D Your Futures & Perps maker volume / 30D total Gate Futures & Perps maker volume

Option2: MM by Maker Quoting Ranking

Entry Requirement

MM Tier users who qualified for option 1 can also apply for option 2.
The system by default will calculate the best scores and respective MM tiers for the participants.

Review Time

by the end of each month

Quoting Ranking

1. Quoting Score = Sum of maker scores on each pair each day (qualified % * maker volume * pair weight) for each month
2. Ranking: At the end of each month, participants are ranked by MM scores

Notes: The program's main goal is to help provide liquidity and market depth to Gate market. We will be reviewing the effectiveness of this program regularly. Gate reserves the right to update the eligibility criteria based on market conditions

Market Maker Program (2604)

Program Rules

Quoting Ranking

1. Quoting Score = Sum of maker scores on each pair each day (**qualified % * maker volume * pair weight**) for each month
2. Ranking: Starting from the 1st of each month, to the end of each month, participants are ranked by their maker scores

Qualified % Requirement

1. Participants can choose any or all of the trading pairs listed on the sheet for their market-making
2. For each trading pair each day, the market-making qualified % is assessed.
3. Bid/Ask Formula:
 - a. **Bid/Ask Spread = (Ask - Mid) / Mid or (Mid - Bid) / Mid**
 - b. **Bid/Ask Depth = Bid orders depth or Ask orders depth**
4. Qualified %: Market-making is qualified per trading pair per snapshot if all of the following conditions are met:
 - a. **market-making bid/ask spread of each level $\leq$ maximum bid/ask spread of each level**
 - b. **market-making bid/ask depth in USDT of each level $\geq$ minimum depth of each level**
 - c. **Random snapshots are taken every 1 minute to determine MM status based on the qualifying criteria above**
 - d. **Qualified % = Number of qualified snapshots / Total snapshots in that day**

Tier Assessment & Implementation

1. Participants are evaluated based on their maker-volume share and/or quoting ranking.
2. Gate reviews the monthly data at month-end. Eligible fee adjustments take effect in the first week of the following month.
3. Underperforming Market Makers may be downgraded or disqualified from the program.
4. Daily performance reports (maker volume, maker share, quoting score) are sent to the participant's registered email.
5. Volume% is rounded to 3 decimal places (e.g., 0.0097% $\rightarrow$ 0.010%).
6. Main Account and Sub-account trading volumes are aggregated.
7. Market Makers shall not participate in any VIP fee trial event, affiliate programs, or other promotional discounts.
8. All trading volumes and metrics related to this Program are measured by Gate.
9. Gate strictly prohibits unfair trading behaviors, including price and market manipulation.
10. Gate reserves the right to monitor transactions, disqualify members, and/or suspend or terminate accounts.

Application

1. Interested parties may reach out to their account manager or email mm@gate.com.
2. Applicants should provide proof of 30-day trading volume on other exchanges as a supplementary document.
3. New participants will be assigned an initial MM tier based on existing trading volume on Gate or other exchanges (subject to verification).
4. New participants will be evaluated over their first full calendar month. If joining mid-month, evaluation starts on the 1st of the following month.
5. All new joiners receive a 1-month trial period.
6. Qualified participants are automatically enrolled for the following month unless a written change request is submitted.
7. For new applicants, MM fee rates take effect within 5 working days after approval.
